

## The City of Los Angeles Green Business Program

08/31/15

**Sustainable Law Group**  
**222 N. Sepulveda Blvd. Suite 2000**  
**El Segundo, CA 90245**

Congratulations! Your business is officially certified by The City of Los Angeles as a Green Business, until August 2018.

Your business has met the green business standards set by The City and The California Green Business Network (CAGBN), which demonstrate that you run your business in a sustainable manner, both in policy and in practice. Thank you for being a leader in sustainability; you are a model for all other businesses in our great City and State.

The LA Green Business Program staff will help you maintain your certification and assist in any future green efforts.

You'll be presented with a physical certification within 60 days. The electronic logo is in attachment, for you to use wherever you see fit (website, newsletter, hand-outs, blogs,...).

Again, congratulations on your accomplishments!

Sustainably,

The City of Los Angeles Green Business Program
